GRAND RAPIDS GUARD.

Singers In Its Coming Opera-Its Flourishing Condition.

Grand Rapids Guard is fast perfecting its arrangements for rendering the opera, "Pirats or Penzance," and much of the best musical talent in the city has been secured. A meeting of the board of directors and of the company was held Monday evening, and it was given out that the following well known sing-ers had consented to take parts: Prof. A. H. Morehead, director; Mrs. Ald-worth; Mrs. Carl Nichols, leading soprano; Captain Kromer, leading tenor; Edward Robinson, Mr. Curry and many others. The opera will be given two nights, about the last of March.

During the past two weeks Company B. has taken in twenty new members. The board of directors voted to pay Captain Kromer \$50 in addition to the salary he receives from the state as an indication of the boys' appreciation of bis efforts in promoting the social in-terests of the guard. One year ago the guard was in bad shape socially and financially. Now it is nearly out of debt and flourishing.

BY THE REV. W. A. FRYE DAILY

The Good Work Will Be Continued so Long as the Charitable Aid in the Enterprise - Added to the Fund.

The interest shown in THE HERALD relief fund continues unabated. A large number of contributions were received yesterday, showing that the generous and war a-hearted residents of the city were making unstinted efforts in behalf of cruel poverty's suffering children. While the contributions received have been generous yet in proportion to the want and suffercity, they are sufficient to reach but a small proportion of the cases, and the cases already relieved will need more help in a few days. The weather is moderate just at present, but when it turns cold the suffering among many will be pitiful. This emergency must be provided for.

The Rev. W. A. Frye and wagon donated by the Security Parcel Delivery company were on hand yesterday morning and continued their work of bearing substantial aid and comfort to beings racked by disease and suffering from the cruel tortures of hunger and

One case slone that was relieved Mr. Frye said was worth all the effort that had toen made since the fund was started. In a little house on Grove street, cold and cheerless, without fire and without food was found a despairand without food was found a despairing family, consisting of a father, mother and seven small children. The lather is a cripple, having lost his right arm. There are but few kinds of work that he can do, and he has been unable to find any place of employment for some time. Their case was a pitful one and the unconceivable want, the pinched the unconceivable want, the pinched faces of the little ones, the evident desire to conquer the force of surroundings and the harsh realization of their needs and destitution formed a picture that must touch the heart however calloused it may be to human suffering

and uncared-for poverty.

Subscriptions will continue to be received at this office. The value of the contributions in cash, clothing and provisions already received is in the neighborhood of \$100. borhood of \$300.

Hereafter relief will be made only on Wednesdays and Fridays, unless cases are reported that need immediate attention. Under such circumstances no time will be lost in furnishing aid to the sufferers.

It is impossible to account for the packages of clothing and provisions received because the donors neglect to make their names known and also because many of them send them their gifts direct to Mr. Frye at his home. Following are the contributions up to date of money and orders, and the names and donations of those whose names could be procured:
